

Dear Gutsy Leader 🏠,

If you feel the message here resonates and can make a difference in your life, check out some additional options below to go further.

No matter where you are in your career, through our connection here, I have sent an intention for you to find the right path with the confidence to guide you there.

It may seem that all this work is about your business or career, but truthfully it really isn't. It's about believing in yourself, having the confidence to go after what you want once you set your mind to it.

Mindset and confidence is the fuel that will drive you, then the step-by-step on how to get there is the easy part. 😊

With love,

Marisa

Take the Own Your Authority Deep Dive

If you are ready to own your authority in your career, join us for a positively motivating experience: take the self-study “Own Your Authority Deep Dive” online course or attend a live master class. Learn how to quickly increase your influence as a leader. The “Own Your Authority Deep Dive” is perfect if you are at the midcareer stage seeking more leadership or just a few years into your career having just stepped into a leadership role. It also works well if you are in a senior role and you need to stand out more, gain more influence, and move those planned initiatives forward. If you are considering a career transition, it will support you in seeking clarity on how to define this next exciting phase of your life.

Join us to remain committed to your goals and meet other professional leaders in your shoes. Your career leadership strategy goes beyond just transitioning to a new level of influence. It must support you staying there with resilience and remaining relevant. Learn more about the [Own Your Authority Deep Dive](#) when it opens and join the waitlist.

101 Ways to Own Your Authority: Audio Course and Report

Sit back and listen to a complimentary audio course that is rich in practical information that can start working for you in your career, not based on theory or feel-good advice. It covers specific work scenarios from a list of 101 strategies you can implement quickly and without much effort, strengthening your instincts. The beauty of this list is that even if you only act on 10 percent of these items, you will see results. Keep leaning into these daily instinctual triggers. The guidance shared here is based on years of real on-the-ground experience with what it really takes to get out there with courage, leading with an action plan and consistently reaching your goals strategically. You don't need to push hard whenever you feel stuck. It's about slaying the conversations in your mind that are negatively affecting the decisions you make in your career and life, gaining back your power, and owning your personal authority.

The success you desire is right around the corner for you. Don't let anyone (including you) convince you that you are not good enough. Because you have everything you need to get to the next level in your career. Download the report and listen to the leadership audio course at <https://www.OwnYourAuthorityBook.com/101ways>.

Empower Others to Trust in Themselves

The greatest gift you can give yourself is to cultivate your self-awareness. The more self-aware you are, the more clarity you gain on who you are and what you need in your relationships. It is the foundation of your personal growth.

I encourage you to pick up a copy of [Own Your Authority](http://www.OwnYourAuthorityBook.com), with your college-age children, colleagues, team members, and managers and any leaders you know who are ready to maximize their potential and see themselves in a reflective and meaningful way. The words of empowerment and instinctive career strategies spelled out here can also open up an honest dialogue with other people, not to mention a lively exchange of stories you can share of lessons learned and committed actions you each can take in your own careers. Simply sharing out loud anything you intend to achieve can put the wheels in motion to realizing your goals.

Visit <http://www.OwnYourAuthorityBook.com> and let us know what you will commit to in your career!

Join The Gutsy Leader Movement

Living the Principles!

Step through the in-depth work necessary to help not overthink things losing precious time, release limiting beliefs, and self-doubt about your greater potential. It will have you let go of psychological barriers that are keeping you stuck and learn how to attract more in your life whether that be clients, building better relationships, finding more structure, and avoiding bright shiny objects which take away your best time and energy.

Beyond the career strategies spelled out here, the complete leadership curriculum in our leadership academy teaches success-growth strategies and life principles shown to create breakthrough results in your own, personal development that will impact your life. I envision a world where adults and children trust their instincts, face their fears, lead outside their comfort zones, and act in spite of difficult circumstances to realize their fullest potential.

It's about creating a clear, personal plan of action that will transform your mindset and create pattern interrupts around old ways of thinking and doing in order to create a new and different results.

[Click here to learn more about taking a self-paced or coaching program](#) to learn about these success principles.

Empower The Leaders of Your Organization with a Keynote, Workshop or Webinar

Do your leaders need greater success in challenging and uncertain times? A leadership program in any format will naturally inspire and motivate participants to take on greater challenges, attract more opportunities, and produce breakthrough results in their careers. The leadership curriculum shows exactly how to plan for and create greater influence in your career. It's also a proven blueprint for living a life of expanded results, greater impact, and more measurable performance. It will help the people of your organization attract more opportunities, raise their influence and gain more recognition, create compelling stories that command attention, have more courage, expand their network, make meaningful connections, find more structure between work and family, and avoid bright shiny objects that take away their best time and energy. In this content-rich program, not only will participants leave inspired about their personal and professional potential, but they'll also create a clear personal plan of action.

To learn more, go to www.InRShoes.com. More than just a motivational experience, this program offers actual methods, strategies, activities, and exercises that participants need to achieve their business goals—and what you as a value-driven company want for them!
